BCIPI Attends 6th Real Estate Convention 2010

Members of BC Institute and Property Inspectors (BCIPI) attended the 6th Annual BC Real Estate Council conference and trade show, providing the first opportunity to display the new BCIPI booth. Marko Langerholz, CHI and Steve Banfield, CTech, CPI, pictured below, were in attendance on the first day from 10:00am to 6:00pm. The traffic was fairly steady most of the time and included real estate investors, real estate agents, and the general public. About 50 to 60 people visited the booth and were made aware of BCIPI, ASTTBC, and licensing of home inspectors. Attending on the second day were Ken McNames, CTech, CPI, Ken Mayo, CHI and Peter Link, CTech, CPI.

The visitors were offered a chance to win an iPod by entering a draw.

A few common questions asked were: How is BCIPI different from other groups? How did you become a home inspector?
